

SUPERINTENDENT FOR THE BELMONT

S. H. BRADY SUCCEEDS TO THE POSITION VACATED BY H. P. HENDERSON.

S. H. Brady yesterday formally took charge of the Belmont as superintendent. H. P. Henderson having resigned. Mr. Brady arrived here on last Saturday from Houghton, Mich., where he was for years superintendent of the Michigan Copper Mining Company. Mr. Henderson, the former superintendent, only returned from Philadelphia on Thursday last, where he went to attend the meeting of the company. This was the meeting which resulted in the turning down of Brock, following which a number of changes have taken place.

Among the changes was the election of Morgan Tillinghast as vice-president and general manager, who has been in the camp for several days past, and it is more than likely that Mr. Brady came to Tonopah at his invitation, although there was no intimation of the change until yesterday. H. Morris Teaf has been made auditor of the Belmont company. Mr. Teaf takes no one's place, the company having been without an auditor since the withdrawal of Mr. Charles from that position.

Mr. Brady, when asked if he contemplated any changes in the work in the mine, said that it was too early to promise that, as he had not thoroughly inspected the workings.

"You see," he said, "the Belmont is not a mine that one can go through in a day. For my part, I would like to devote a day to a level, and then I would get some idea of the property, for the Belmont is a mine if ever there was one."

"Of course there will be changes in the methods of working the mine," was the way that Mr. Tillinghast responded to the query. "We are going to work the Belmont according to our ideas of how a mine should be worked, and we have a mine there without a doubt. There will not be as many shipments of high grade ore; we intend to block that out, mix it with the lower grade and send it to the mill. The mill is in very good condition, fine condition. I will not deny that for the present we will not take out enough ore to keep sixty stamps busy, but we intend to handle the ore of other mines and make the mill a paying proposition."

PERSONAL MENTION

Charles D. Porter, the well known mining man, arrived in the city yesterday.

Attorney George B. Thatcher was a passenger for Carson yesterday morning.

Mr. and Mrs. Frank Darragh, nee Littlefield, returned yesterday from Eureka, Cal.

Al Enquist, with the Zellerbach paper house of San Francisco, is a visitor in the city.

Roy O. Shadinger, representing the American Type Foundry, arrived in the city yesterday, and will leave today for Goldfield.

A. H. Deahl of Manhattan is in town for a few days. Mr. Deahl says that there is only one camp in the vicinity, and that is Manhattan.

C. O. Poole, assistant general manager of the Nevada Light and Power Company, was a visitor from Goldfield yesterday. Mr. Poole has succeeded Mr. Hobbs.

R. Brooks, a mining man of Fairview, is in the city for a few days. He is a friend of Jim Force, but that will not prevent him from staying a while longer.

Chauncey Booth returned yesterday from Sacramento, whither he went on last Sunday, summoned by the illness of his mother. The latter is much better.

Mrs. J. P. O'Brien left for San Francisco yesterday morning for further treatment, and will remain there until it is time for her children to come home for the Christmas holidays.

GRAND BALL AT MILLERS TONIGHT

IS HELD FOR THE PURPOSE OF RAISING HOSPITAL FUND.

Tonight is the night when the Miners' Union will trip the light fantastic at Millers. This is the first ball of the union in the mill town, and there is no doubt of it being a great success. There is a big crowd going down from here, a special train leaving here this evening at 7:30, and returning will leave Millers at 2 o'clock in the morning.

The committee of arrangements consists of W. S. Sansburns, Joseph F. White, R. J. McClelland and D. E. Williams, and these gentlemen have done all in their power to make of the affair the most brilliant of successes. D. E. Green will be floor manager. Everybody in Millers will turn out on this occasion, and Lindley hall will be filled to its capacity.

GAY THESPIANS ARE INDICTED

(By Associated Press.) KANSAS CITY, Dec. 11.—The county Grand Jury today returned indictments against seventy-five actors and actresses who played at a local theatre last Sunday, charging them with violating a State law against working on that day.

IMPERIAL TROOPS MAKE CAPTURE

(By Associated Press.) CANTON, China, Dec. 11.—Three strongholds between Lung Chow and Langson, Province of Kiang Si, which recently were taken by the insurgents from Yung Chow, have been recaptured by the imperial troops after sanguinary engagements lasting two days and nights, with heavy losses on both sides.

LIBERATION MAY COME CHRISTMAS

(By Associated Press.) ELY, Nev., Dec. 11.—According to Foreman Gallagher of the rescue work of the Alpha shaft of the Groux mine, the three men entombed by a cave-in, 1000 below the surface, should be out by Christmas. The entombed men, who communicate with the outside by telephone, appear to be in a cheerful state, and say they are in no danger.

FIXTURES FOR SALE

STOCK MARKET IS VERY DULL

[By Associated Press.]

NEW YORK, Dec. 11.—The withdrawal of effective support for prices, except in spotty, irregular fashion, and a dull inclining tendency, were the reflection of a disappointment on the street at the tardiness with which the dislocation of financial affairs is working towards correction. It is clear that the speculative party which started an advance in prices and held them over to the end of the year, counted upon the initiation before that time of a reflux of cash reserves into the larger banking centers and a relaxation of the strength in all departments of the money market, which is a consequence. Confidence is unimpaired that after a restoration of credit there will be sudden heavy reflux into the bank reserves and something like a redundancy of supplies in credit market. The impression has taken hold of the speculative element in the stock market, however, that a miscalculation has been made for the period of arrival of these conditions and revised anticipations are disposed to put it forward beyond the turn of the year. The tone of admonition of some of the banks to speculative borrowers and running up of call money rate this week carry an unmistakable intimation to that effect.

A dull recovery set in after midday with a decline in the call money rate which culminated in a brisk rise in the last hour, except in extreme cases of early losses recovered and most of the favored stocks were quoted materially above yesterday's closing. Bonds were heavy.

REFUSE TO ACT FOR BARNETT

SAN FRANCISCO, Dec. 11.—Though he was heralded as the attorney of W. J. Barnett, Garret McEnerney, author of the McEnerney act, absolutely refused to have anything to do with the case. McEnerney was asked by Barnett and his friends of his to act for the embarrassed banker, but his answer was a positive negative.

"Yes, I was asked to act in the case," he said. "I was forced to decline, however. I do not care to have anything to do with it."

The name of J. Dazell Brown has been erased from the door of the office he formerly occupied with Judge Slack in the Montgomery block. His former law partner, to show that he thoroughly repudiated the accused banker, had the name erased from the door. Until Brown can explain the mystery of the disappearance of the Colton securities the name will not be restored.

TELLS MISDEEDS OF MRS. GOULD

NEW YORK, Dec. 11.—Helen Mar's deposition in the divorce suit of Mrs. Howard Gould was filed in the Supreme Court today. Miss Mar gave a detailed account of the intimacy of Colonel William F. Cody (Buffalo Bill) with Mrs. Gould, then Katherine Clemmons, especially during the World's Fair in Chicago.

Under the guidance of Robert Watson, Gould's attorney, she told of first meeting Katherine Clemmons at dinner in the Hoffman House in this city. That was about 1891. The Colonel was then calling Mrs. Gould "Viola," said Miss Mar, who is Mrs. Clemmie in private life. Following the dinner the women became bosom friends. Katherine complained bitterly against Buffalo Bill.

"What complaint did she make against him?" "That he had promised to star her on the stage."

"What else?" "She thought he owed her something for what she was doing for him."

"What did she say she was doing for him?" "To put it very crudely, she said she was living with him."

Two years elapsed before the women met again. It was in Chicago. Buffalo Bill was there, and as near as the witness could recall it was in a house on Forest avenue that she saw many strange doings. The witness said Colonel Cody and Miss Clemmons were very intimate while in Chicago.

COMMEND WORK OF COMMITTEE

TONOPAH MANHATTAN COMMITTEE HOLDS A MEETING LAST NIGHT.

The Tonopah Manhattan Promotion Committee met last night, and the attendance was the largest that has been in evidence for several meetings past. Nathan Crocker was in the chair. Secretary Force read a number of communications asking for information on properties, which were referred to the proper committees.

Letters were also received from various quarters commending the work of the committee in the action they have taken with regard to making public all the information regarding the mines in Southern Nevada. It was announced that the report of the committee on finance would be made at the next meeting.

BRYAN CHOICE OF DEMOCRATS

(By Associated Press.) WASHINGTON, Dec. 11.—The situation with reference to the selection of a place for holding the next Democratic National convention so simplified itself that practically all the candidates for the honor have been eliminated, except Chicago, Louisville and Denver. These cities' delegates are trying hard to secure the convention. There is no talk among the different delegations for presidential candidate except Bryan.

HIGH WATER STOPS RECOVERY

(By Associated Press.) BLOOMSBURG, Pa., Dec. 11.—Owing to the high water in the Susquehanna river, and the terrible force of the current, no attempt was made today to recover the bodies of the seven men drowned yesterday when the Millville bridge collapsed. All the fifteen men who sustained serious injuries are expected to recover.

GOOD SHOWING FOR TONOPAH

The pay day of the miners which occurred on the tenth has proved one of the most satisfactory of pay days all around that has occurred in many months in the camp. More than \$60,000 was cashed for the men by two houses alone in the town yesterday and the day before. The Tonopah Liquor Company cashed checks to the amount of \$38,760.28, and the Casino to the amount of \$22,462.75.

The men of the railroad will be paid off today, and this means another \$15,000 to be disbursed in the camp. This makes a pretty good showing for Tonopah.

DEATH OF MINING MAN.

Robert M. Swift, superintendent of the Round Mountain Antelope Mining Company, died at Round Mountain on last Monday of pleurisy. He had been ill only a short time. Mr. Swift was well known here, and came here from Cripple Creek. He had been in Round Mountain about a year. He was thirty-five years of age.

E. E. Knapp arrived from the coast yesterday.

FOUR CONVICTIONS IN SUCCESSION

DISTRICT ATTORNEY'S OFFICE DOING RAPID-FIRE WORK.

George Bogavich was this morning found guilty of obtaining goods and wares from C. R. Squires by false pretenses, the jury being out only a short while. This is the fourth conviction that District Attorney McCarran and his able assistant, Cleveland Baker, have secured within a week, having lost but one case out of five, and in that case there was such a preponderance of evidence in favor of the defendant, that the prosecution had really no case at all. This was the case of Maher.

In the four cases of conviction was one of murder, the first conviction of the kind in the county. There was one of grand larceny, one of receiving stolen goods, and now this case of Bogavich. The county is establishing an enviable record and one that will keep the bad men away from its confines.
